December 12, 2018

The Honorable United States House Washington, DC 20515

Dear Representative:

The undersigned organizations would like to express our support for H.R. 2, the Agriculture Improvement Act of 2018, and urge its adoption.

This farm bill supports farmers and ranchers, protects crop insurance and conservation programs, invests in efforts to expand foreign markets, protects animal health and prioritizes agricultural research and rural development. This bill is critical to providing all stakeholders, including farmers, ranchers and consumers, with consistent policy for the next five years as well as the sectors and industries that rely on them.

American rural economies are struggling in the face of successive years of declining prices, high and rising foreign tariffs and subsidies, and the unpredictability of Mother Nature. This farm bill helps address these and countless other issues to ensure farmers, ranchers, and rural America can survive these difficult times.

Your support is key to enacting this important piece of legislation. We respectfully urge you to vote "yes" on H.R. 2.
